State Agency Kansas Department of Health & Environment
Kansas Division of Emergency Management

Purpose

This Emergency Support Annex (ESF) describes the actions required to provide temporary shelter and humanitarian assistance to people affected by a disaster. Specifically, ESF #6 addresses:

- Mass care operations (shelter, food and other essential human needs)
- Short and long term housing resources
- Emergency and disaster assistance for individuals and families
- Special needs population groups

Shelters addressed in this Emergency Support Annex (ESF) are for human habitat only. Animals (with the exception of Service Animals) are not allowed in public shelters. Sheltering for animals is addressed in ESF #11 - Agriculture and Natural Resources.

Short term crisis shelters

A short term crisis, such as localized flooding or a wildfire situation may necessitate the activation of expedient shelters within the county or cities. These shelters would be opened for a brief period of time in order to assemble people in response to a situation that would have a quick response.

A short term shelter would be defined as any building capable of sheltering people for less than 8 hours. An example would involve one opened during weather conditions where evasive action is necessary for a limited period of time.

Long term Shelters

Long term shelters would be needed to shelter people for extended periods of time (more than 8 hours) as a result of situations that would take longer to resolve. Suitable shelters must include kitchen facilities, adequate parking, handicapped accessibility, numerous bathrooms, telephones and multiple areas for gathering.

Scope

This ESF Annex is designed to provide a flexible organizational structure capable of meeting the varied requirements of many emergency scenarios with the potential to require activation of the Emergency Operations Center (EOC) and implementation of the Butler County Emergency Operations Plan (BCEOP).

ESF #6 is a functional annex to the BCEOP and to the extent possible, information contained in other sections of the BCEOP will not be repeated in this ESF Annex.

Policies

This ESF Annex applies to all agencies with assigned emergency responsibilities as described in the BCEOP.

Concept of Operations

General

Mass Care, housing and human services operations will be coordinated from the Butler County Emergency Operations Center (EOC). In Butler County, it is the responsibility of the local public health agency (Butler County Health Department) in conjunction with the Midway-Kansas Chapter of the American Red Cross to ensure the care and sheltering of populations with functional needs. Mass care activities for those capable of basic life functions or those with family or other persons who can assist individuals with functional needs fall under the responsibility of the American Red Cross Midway-Kansas Chapter. The American Red Cross Midway-Kansas Chapter (ARC) may also activate an Emergency Coordination Center (ECC) at another location. Close coordination will be maintained between the two sites.

When requested, the ARC will send a liaison to the Butler County EOC to ensure close coordination and joint decision-making. If needed, other support agencies will also be asked to report to the EOC to assist with ESF #6 activities.

The ARC will work closely with local and county government agencies in the EOC to manage mass care, housing and human services operations and provide overall coordination of the activities associated with ESF #6.

On going human services assistance may be coordinated from a location determined suitable by the ARC and the other volunteer agencies involved in administering long-term housing and human services programs.

Close coordination will be maintained among the many volunteer agencies providing human services assistance to avoid duplication of some services and a lack of others.

The terms "functional needs", "special needs", "special care", "frail" and "special needs population" have become interchangeable phrases used to describe both a segment of the population and the equipment or services which they require to meet the demands of daily living. For the purposes of planning, Butler County has developed a working committee to establish the parameters of those individuals with functional needs who may require assistance in a shelter situation.

Organization

Damage assessment information will dictate the type and scope of mass care operations required. The EOC Team and the ARC Liaison will gather information regarding people displaced by the event to assist in determining the number of shelters to open and where they should be located.

In addition to the type and scope of the disaster, other factors in determining the number of shelters and their locations will be accessibility, transportation, security, staff and supplies. The ARC Liaison in the EOC will work closely with the EOC Team to determine shelter needs and identify capabilities based on the specifics of the emergency situation.

If the situation dictates, potential shelters will be given priority in damage assessments to expedite the provision of mass care services. The ARC Liaison will coordinate with the Butler County EOC to ensure mass care facilities have priority for safety inspections.

Mass care operations will continue until those displaced by the incident obtain other temporary housing or return to their homes. In most cases, mass care services are provided for less than one week.

Although in most cases, the Salvation Army will not activate shelters in Butler County, they may be called upon in catastrophic emergencies to assist in the operation of shelters.

The Salvation Army and other volunteer groups may provide food, water, cots and other essential emergency items. These groups will work closely with the County EOC to identify individuals and families in need of assistance, as well as appropriate methods of distribution.

The ARC will provide daily, overall direction of mass care operations, including the assignment of personnel and ensuring that requests for assistance are met, documented and prioritized. Additionally, the ARC will ensure registration, tracking, feeding, restocking and other related shelter activities are accomplished. The ARC is responsible for first aid level of care only. Care that is required above that level will not be provided at one of the mass care shelters.

Operation of the shelters will be in accordance with ARC standard operating procedures. Direct shelter control and management is the responsibility of the Shelter Managers. Each Shelter Manager will be responsible for managing their individual shelter while coordinating activities with the ARC Liaison in the EOC.

Shelters will be selected on the basis of suitability of the facility and its location within the county. Factors such as a sufficient area for sleeping, restrooms, showers, kitchen facilities, parking and accessibility for persons with disabilities will be considered. The decision as to which shelter(s) will be activated in a particular situation will be coordinated with the ARC, County Emergency Management, and the cities and the organizations providing the facilities .

In the event of a disaster with the potential for contaminated victims who may be seeking shelter, a hazardous materials team, Health Department or Emergency Medical Technician (EMT), or other appropriately trained county or city representative will be sent to the shelter to screen evacuees. Those found to be contaminated will be isolated in a separate holding area until properly decontaminated or transported elsewhere for decontamination and/or treatment .

Security will be provided by either the Sheriff's Department (unincorporated areas), city police (incorporated areas), or the shelter facility's own security personnel.

The structural integrity of emergency shelters and other emergency facilities will be determined by each city having jurisdiction and by the Inspection Department of the Butler County Planning and Zoning Department.

The ARC Liaison and the EOC Team will coordinate with available volunteer agencies to ensure feeding operations can be accomplished in shelters. Feeding will be based on sound nutritional standards and will include provisions to meet the requirements of disaster victims with special diets.

Shelter management teams will be responsible for the cleanliness of kitchens, restrooms and sleeping areas, and the disposal of trash. Additional resources such as portable toilets, etc. should be requested through and coordinated with the EOC.

Reception operations will be carried out in accordance with ARC standards (ARC 3000 Series): The shelter management team will be responsible for registering and tracking shelter residents, and ensuring appropriate privacy with respect to their use of the shelter.

If appropriate, the EOC will request outside resources to support mass care operations, including those of other jurisdictions, the State and Federal government and/or the private sector.

In coordination with the EOC, the ARC will determine if and when it is appropriate to consolidate shelters, as well as when shelters should close. Shelters will be deactivated in accordance with ARC operating procedures.

Special facilities (i.e., nursing homes, residential care facilities, hospices, etc.) should be able to care for their own populations. If assistance is required, mutual aid agreements between these facilities will be enacted. Notification for assistance will be done through the Butler County EOC. If the situation dictates, coordination will take place with the assistance of the Butler County Health Department and the American Red Cross.

Once shelters are activated, the ARC Liaison and the ESF #15 Public Information and External Communications Coordinator will ensure that information regarding shelter availability, locations, items to bring, etc., is released. The dissemination of public information will be carried out in accordance with ESF #15 – Public Information and External Communications.

Housing and Human Services

Emergency clothing, as well as hygiene, comfort, and emergency clean-up items, will be provided as dictated by the incident. Support in this area will be provided by the Salvation Army, ARC, other area volunteer agencies and if necessary, from the private sector.

Initial humanitarian assistance (food, clothing, first aid, crisis counseling, emergency clean-up assistance, financial assistance, etc.) will be provided by the ARC, Salvation Army and/or other VOAD groups. If necessary, support in this area will be requested from the private sector. Information on Disaster Resource Agreements and Memorandums of Understanding for Butler County can be found in ESF #7 - Resource Management.

The Volunteer and Donations Management function will be closely coordinated with mass care operations to facilitate the use of donated goods and volunteer labor to support ESF #6 activities. For more information, see ESF #7 – Resource Management.

The ARC will operate a Disaster Welfare Information (DWI) system to report on victims statuses and assist with family reunification. Information regarding individuals residing in the affected area will be collected and provided to authorities and immediate family members. If appropriate, the ARC will work closely with agencies providing mental health services when relaying information to family members.

Both stationary and mobile feeding operations will be considered based on the needs of the situation. In addition to the numerous volunteer agencies with emergency feeding capabilities (e.g., Salvation Army Canteens, Southern Baptists Mobile Kitchens, etc.), the ARC and/or the County may contract with local private food providers to supplement feeding operations for those affected by the disaster. The Butler County Health Department will assist in securing resources for general inspections of all feeding stations.

Every effort will be made to provide crisis-counseling services to people affected by the disaster. Trained mental health counselors are available through the Butler County Counseling Center. In addition numerous volunteer organizations have the ability to provide both faith-based and non-faith-based disaster counseling services.

If necessary, sites will be established within the affected area for bulk distribution of emergency relief items to meet the urgent needs of disaster victims. The ARC, Salvation Army and other volunteer organizations will coordinate the bulk distribution of emergency relief supplies.

The Butler County Economic Development Department and the Butler County Appraiser's Office will work with the ARC to identify housing resources for individuals and families permanently displaced by the event. Available Section 8 housing resources will be identified through agencies such as Kansas Mid-Cap or the Kansas Department of Agriculture.

When the situation dictates, the County will request State and Federal assistance to provide housing and human services programs to individuals and families affected by the disaster. These programs are described in detail in ESF #14 – Long-term Community Recovery and Mitigation.

If the situation warrants activation of the National Response Plan, the local ARC chapter will work closely with its State and Federal counterparts to ensure appropriate resource coordination and support.

The American Red Cross Midway-Kansas Chapter (ARC) has shelter agreements in-place with public and private facilities listed in the Attachments to this ESF including suitable government facilities. If county or

municipal owned facilities are opened as shelters, they will be managed and operated by the ARC.

Because ARC shelters may not be able to accommodate functional needs populations, especially in the beginning of a disaster, Butler County has developed a Special Needs Sheltering Plan (see Attachment to this ESF) that provides service agencies and the public the ability to triage clientele in order to determine whether or not a client should seek shelter at a combined General Population/Special Medical Needs Shelter, or seek admittance in a hospital setting.

Only service animals will be allowed in ARC affiliated shelters. Every attempt will be made to provide information on animal shelter and care resources available to individuals and families with pets in need of temporary housing resources . For large scale events, Butler County will rely on local and state chapters of the Animal Response Team, Veterinary Medical Association and the Humane Society to help coordinate pet shelter activities, and on the Butler County Extension Office and other farm-related agencies or organizations for issues regarding livestock. If space is available, animal and human shelters may be in the same locale, but in separate quarters.

Churches, special population provider agencies and other volunteer groups may wish to implement emergency assistance programs to meet disaster related humanitarian needs. To help ensure timely and equitable services are provided following a major event, the Salvation Army and the ARC will work closely with volunteer organizations active in Butler County to coordinate the provision of human services programs.

The Mass Care, Housing and Human Services Coordinator and the other agencies supporting ESF #6 activities are critical members of the EOC Team and will work within the EOC structure described in ESF #5 – Emergency Management.

The ARC will keep records on the number of shelters, shelter residents, meals served, supplies used, supplies ordered, etc., and ensure this information is available in a timely manner to the EOC. To the extent possible, the ARC will use the capabilities of the Crisis Information Management System (CIMS) to document ESF #6 activities.

Forms and documentation for mass care operations (i.e., registration, inventory, inspection, tracking, etc. forms) have been developed and are maintained by the American Red Cross Midway-Kansas Chapter (ARC). Every effort will be made to manage mass care operations in accordance with the American Red Cross standards.

The ARC will maintain a comprehensive, up-to-date, countywide list of shelters and capabilities. The ARC will work with the Emergency Management Department to ensure this information is available in the EOC.

Cots, blankets, clothing and other comfort items will be furnished by the ARC, Salvation Army and other volunteer agencies with logistical assistance from the EOC.

Notifications

The Emergency Management Director will notify the ESF #6 Coordinator of EOC activations and request that representatives report to the EOC to coordinate ESF #6 activities. This is typically accomplished by radio broadcast, digital pager or telephone contact.

As additional EOC staffing needs become apparent, other support and partnering agency personnel may be asked to report to the EOC to assist with transportation activities.

Actions

Preparedness

- Implement a public education campaign regarding the importance of having a family disaster plan and 72-hour preparedness kit.
- Identify and inspect suitable shelter facilities.
- Develop and test emergency plans and procedures.
- Train personnel to perform emergency functions.
- Participate in Emergency Management training and exercises.

Response

- Open, staff and manage shelters.
- Identify and provide temporary housing resources.
- Provide representatives to the Butler County EOC and work within the EOC structure to meet mass care, housing and human services needs.
- Make suitable accommodations for functional needs populations.

Recovery

- Provide public information regarding safe re-entry to damaged areas.
- Continue to work closely with the EOC to support on-going activities.
- Identify and provide long-term housing resources.
- Form a long-term recovery assistance team to help ensure individuals and families affected by the disaster continue to receive assistance for serious needs and necessary expenses.
- Participate in after action critiques and reports.
- Make changes in standard operating procedures and this ESF Annex to improve future operations.

Prevention

- Participate in the hazard identification process and take steps to correct deficiencies in the mass Care, housing and human services function.
- Implement a public education campaign regarding the importance of having adequate homeowners and renters insurance.

Direction and Control

Either an Incident Commander or an appropriate city or county official will determine the need for opening shelters and commencing mass care operations based on the situation. The opening of shelters will be coordinated with the Butler County Emergency Management Department. Emergency Management will work with the affected cities, the American Red Cross - Bluestem Chapter (ARC), the Butler County Health Department and the organization(s) providing the facilities to coordinate the opening of shelters in the county.

Responsibilities

All tasked agencies will:

- Develop applicable standard operating procedures, guidelines and/or checklists detailing the accomplishment of their assigned functions.
- When requested, deploy a representative to the EOC to assist with ESF #6 activities.
- Provide ongoing status reports as requested by the Mass Care, Housing and Human Services Coordinator.
- Maintain updated resource inventories of supplies, equipment, and personnel resources, including possible sources of augmentation or replacement.

- Document all costs and expenses associated with response and recovery activities taking care to clearly separate disaster related work from daily work in the event that State and Federal reimbursement becomes available.
- Maintain up to date rosters for notifying personnel and 24-hour staffing capabilities.
- Perform other emergency responsibilities as assigned.

Emergency Management

- Activate the EOC
- Contact the ARC and/or Butler County Health Department if an emergency/disaster requires the opening of a Special Medical Needs shelter in conjunction with a General Population shelter.
- Activate the 2-1-1 system with shelter information.
- Assist in securing resources essential for the maintenance of shelter operations.
- Arrange for transportation through Butler County Department on Aging for citizens needing transport to and from the shelter.
- Ensure daily shelter reports are provided to the SEOC.
- Assist in efforts to educate the public and agencies on types of sheltering available.
- Assist with unmet needs during recovery efforts.
- Continue tracking special needs population members in Butler County.

Butler County Health Department

- Dispatch a representative to the EOC.
- Assign a person (or persons) to act as Medical Oversight Coordinator to screen individuals seeking shelter in the combination shelter.
- If necessary, contact Butler County EMS to arrange transport to a hospital for individuals deemed to be category Level 1.
- Provide essential resources for the maintenance of a combination shelter including scheduling of manpower.
- Assist with securing medications brought to the shelter.
- Ensure daily census reports are provided to the Butler County EOC.
- Assist with unmet needs during recovery efforts.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Butler County Department on Aging

- Dispatch a representative to the EOC.
- Assist in transporting citizens to shelters, to the Disaster Assistance Center (if established) and to medically-related appointments such as doctor's offices, pharmacy, etc.
- Assist with unmet needs during recovery efforts.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

American Red Cross Midway-Kansas Chapter

- Dispatch a representative to the EOC.
- Compiles list of and secures agreements for shelter locations.
- Assists in providing shelter for Level 2 and Level 3 individuals in conjunction with Butler County Health Department.
- Maintains resource agreements to provide oxygen for shelter residents who require oxygen and related supplies.

- Provides basic first aid level of care in a shelter setting.
- Can assist shelter residents in obtaining refills on prescriptions through vouchers (only at the direction of a physician).
- Responsible for food preparation and supplies within the shelter setting.
- Assist with unmet needs during recovery efforts.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Susan B. Allen Memorial Hospital/Kansas Medical Center

- Support EOC through tracking of patient surge.
- Assist shelters in locating supplemental supplies and/or equipment through vendor contacts.
- Assist the Health Department in credentialing volunteer health care professionals to augment staffing in the Special Medical Needs portion of shelters.
- Assist in the triage efforts to determine whether an individual (or individuals) require care above the level of care provided in the combined shelter setting.
- Be prepared to receive individuals requiring Level 1 support during times of emergencies/disasters.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Creative Community Living/Flinthill's Services, Inc.

- Provide shelter for cognitively impaired clients during times of emergencies/disasters.
- Notify SRS when clients are sheltered from similar facilities or moved to another facility in the event of a disaster.
- Assist in the triage efforts to determine whether an individual (or individuals) require care above the level of care provided in the combined shelter setting.
- Assist in transportation efforts in cooperation with the Butler County Department on Aging.
- Assist in securing supplies and/or durable medical equipment (DME) as needed.
- Assist the EOC in tracking the location and number of clients served during times of emergencies/disasters through use of the Daily Census form.
- Provide staff, as requested, to assist in the Special Medical Needs portion of shelters.
- Assist with unmet needs during recovery efforts.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Nursing Homes

- Maintain plans for receiving or transferring patients during times of emergencies/disasters.
- Notify State Department on Aging if additional patients are received on the premises and what care is being provided.
- Assist the EOC in tracking the location and number of patients served during times of emergencies/disasters through use of the Daily Census form.
- Assist in the triage efforts to determine whether an individual (or individuals) require care above the level of care provided in the combined shelter setting.
- Provide staff, as requested, to assist in the Special Medical Needs portion of shelters.
- Assist in transportation efforts in cooperation with the Butler County Department on Aging.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.
- Assist in securing supplies and/or durable medical equipment (DME) as needed.
- Assist with unmet needs during recovery efforts.
- Develop Memorandums of Understanding with private for-profit entities such as other nursing homes and/or

hospitals.

Independent and Assisted Living Facilities

- Develop and maintain plans for receiving or transferring patients during times of emergencies/disasters.
- Assist the EOC in tracking the location and number of patients served during times of emergencies/disasters through use of the Daily Census form.
- Assist in the triage efforts to determine whether an individual (or individuals) require care above the level of care provided in the combined shelter setting.
- Provide staff, as requested, to assist in the Special Medical Needs portion of shelters.
- Assist in transportation efforts in cooperation with the Butler County Department on Aging.
- Assist with unmet needs during recovery efforts.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.
- Assist in securing supplies and/or durable medical equipment (DME) as needed.

Salvation Army

- Dispatch representative to the EOC.
- Assist in shelter operations as required.
- Assist in assisting with unmet needs after a disaster event.
- Sets up and establishes warehouse and distribution system for donations management of goods within Butler County in the event of disasters.
- Assist with unmet needs during recovery efforts.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Senior Housing

- Develop and maintain plans for receiving or transferring residents during times of emergencies/disasters.
- Assist the EOC in tracking the location and number of residents served during times of emergencies/disasters through use of the Daily Census form.
- Assist with unmet needs during recovery efforts.
- If available, assist in transportation efforts in cooperation with the Butler County Department on Aging.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Butler County EMS

- Dispatch a representative to the EOC.
- If needed, activate the MERGe system.
- Assist shelters by providing supplemental supplies and/or equipment.
- Provide staff, as requested, to assist in the Special Medical Needs portion of shelters.
- Assist in the triage efforts to determine whether an individual (or individuals) require care above the level of care provided in the combined shelter setting.
- Be prepared to transport individuals requiring Level 1 support during times of emergencies/disasters to an appropriate facility.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Butler County Jail/El Dorado Correctional Facility

- Maintain plans for receiving or transferring detainees during times of emergencies/disasters.
- Notify Kansas Department of Corrections (if applicable) if additional detainees are received on the premises and what care is being provided.
- Assist the EOC in tracking the location and number of detainees served during times of emergencies/disasters through use of the Daily Census form.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Butler County CERT (Community Emergency Response Team)

- Assist in setting up shelters as required.
- Assist the Red Cross in registration efforts at shelters.
- Assist Butler County Department on Aging with transportation efforts as required.
- Assist in efforts to secure supplies and equipment during shelter operations.
- Assist with the cleanup and tear down of shelters for deactivation.
- Assist the EOC with census tracking efforts for Special Medical Needs shelters as well as agencies/organizations providing self-sustained shelter.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Police Departments

- Provide security at shelters as needed.
- Coordinate evacuation/reception procedures for early release of prisoners in the event an evacuation is necessary or alternate jail facilities are needed.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Fire Departments

- Assist in inspection of shelter sites following a disaster.
- Provide medical first response as needed.
- Provide fire inspection of feeding areas.
- Participate in the development and test of emergency plans and procedures.
- Participate in training and exercises.

Butler County Inspection Department/Municipal Inspection Departments

- Inspect potential shelter sites for safety following a disaster.

Administration and Support

Support

Requests for emergency assistance will be resolved at the lowest level direction and control facility with appropriate response resources capabilities. Unresolved assistance requests will normally flow upward from cities to the county, and/or field deployed command posts to responsible representatives in the State Emergency Operations Center (SEOC), and as required to other states or the federal government for assistance support.

Agreements and Understandings

All agreements and understandings entered into for the purchase, lease, or otherwise use of equipment and services, will be in accordance with the provision of laws and procedures.

The Proclamation of a Local Disaster Emergency issued by the Board of County Commissioners or a State Disaster issued by the Governor may suspend selected rules and regulations that affect support operations. The primary agency will determine the specific impact of the situation and inform the ESF group members.

Status Reports

The primary agency will maintain status of all outstanding assistance requests and unresolved ESF-related issues. This information will be summarized into periodic status reports and submitted in accordance with applicable operating procedures.

Expenditures and Recordkeeping

Each ESF agency is responsible for establishing administrative controls necessary to manage the expenditure of funds and to provide reasonable accountability and justification for federal reimbursement in accordance with the established guidelines.

The first source of funds for expenditures by agencies in response to an emergency, imminent disaster, or recovery from a catastrophic incident, is to be from funds from each agency or the General Fund.

Critiques

Following the conclusion of any significant emergency event/incident or exercise, the primary agency representative will conduct a critique of the group activities during the event/incident/exercise.

Support agencies will provide written and/or oral inputs for this critique and the primary agency representative will consolidate all inputs into a final report and submit it to the Butler County Emergency Management Director.
